

-  High quality
-  Easy to position
-  Optional light for hood
-  Ideal for larger workstations
-  360 degree arm rotation
-  Wall bracket & hood included

The Flexi Arm 4.0 metre (160mm dia) is the ideal weld fume extraction arm for general engineering, fabrication and automotive/plant use.

Using modern parallelogram technology, the arm is easy to move and yet retains its position once placed. The extractor hood can be angled more than 110 degrees in all directions.

Supplied with sturdy wall bracket, flanged adaptor and hood with a built-in damper. A halogen lamp cartridge can be fitted to the hood as an optional extra. Our Flexi Arm 4.0 metre is also available in 200mm dia.

Please call or visit our website for further details on our complete welding package offered to the welding industry.
