

## Case Study - Bodyshop Dust Extraction

*Leading The Way To a Healthy Workspace*

## Bodyshop Dust Extraction

FUMEX Ltd were delighted when our long-standing customer, Pentagon-Vauxhall, contacted us to replace our original centralised vacuum unit with a new high-tech, state-of-the-art model.

When our original vacuum unit had finally come to the end of its service life, after having given many years and thousands of hours faithful service, FUMEX had the perfect replacement.

This new unit, still designed and built here in the UK, incorporates the very latest in design technology and manufacture.

- Quiet running (72db or less)
- Automatic Cleaning
- Pre & post filter vacuum gauges
- Hour run meter

Installed by our team of experienced engineers, the new unit continues our commitment of excellence to all our customers and their employees.

Fumex Limited, Unit 11,  
Hillfoot Industrial Estate
