**FUMEX LTD**

## Repairs

In the unfortunate event of a system failure, **FUMEX** can quickly and efficiently investigate the problem and source new parts when required. These are then fitted by our experienced P601 trained engineers, returning your system to its full working order.

Fumex offer a full repair service on a wide range of extraction systems covering many industries.

From a short section of crushed hosing to the failure of the largest centrifugal fan, FUMEX can quickly repair or replace any component that maybe at fault.

With over 30 years experience in this field, our trained service engineers are ready to help or advise.

- Exhaust Extraction Systems
- Weld Fume Extraction Systems
